

MIDDLE FORK OF THE SALMON RIVER- IDAHO

The Middle Fork of the Salmon River in Idaho is the premier wilderness rafting trip in the US. It flows 100 miles of Wild and Scenic free-flowing river through the largest roadless wilderness area in the US thru a canyon that is deeper than the Grand Canyon. It has natural hot springs throughout the canyon, blue ribbon trout fishing, and more than 400 rapids grade I-III (IV in June). The Middle Fork of the Salmon is unspoiled, remote and roadless so you can be sure you will “get away from it all”. Simply put, it is the best river run in the West and perhaps the world.

Middle Fork River Expeditions, licensed and bonded outfitter, has run safe and well-managed river trips on the Middle Fork of the Salmon River in Idaho for more than 3 decades. Trips are 4 or 6 days of exciting river rafting, wilderness camping, fine fishing, and adventure travel. Our equipment is specially designed for wilderness whitewater rafting, and offers mild and wild boat choices (oar boats, paddle boats, fly fishing drift boats, inflatable kayaks and stand up paddle surf boards!). Our river guides are seasoned professionals, licensed by the state of Idaho and First Aid and Swiftwater Rescue Certified. We meet this morning at 8am and depart 1 ½ hours by bus to the river. Upon launching our rafts at Boundary Creek, 6000 feet above sea level, you’ll enter an enchanted forest of fir and spruce that scents the high mountain air. Sparkling clear waters careen through boulder-choked rapids with names that guides speak with reverence such as Velvet Falls, Pistol Creek and Tappan Falls. Stops at mountain hot springs and pioneer homesteads provide the perfect balance to the on-river excitement. Evenings find us relaxing by the campfire, playing horseshoes and listening to the river and watching for shooting stars!

WHAT TO EXPECT

Expert Leaders

Middle Fork River Expeditions attracts gifted guides for whom leading trips is their passion. Middle Fork River Expeditions guides positively elevate your experience by being educators, companions, and the best of friends. Most MFRE guides have 10 or more years experience on rivers and all are First Aid and Swiftwater Rescue Certified and licensed by the Idaho Outfitters and Guides Licensing Board.

Boats & Rapids

Middle Fork rapids are rated 1 to 4 on a scale of 1 to 6. You'll run these rapids with the aid of experienced, professional, licensed guides. In our state-of-the-art whitewater rafts, you'll run Velvet Falls, Pistol Creek, Haystack, Redside and Rubber rapids. Most guests ride in our oar powered self-bailing rafts. For the more adventurous we run a paddle boat, no experience required as your boatman steers at the stern while you and your newfound friends paddle. And when water levels permit (usually in July and August only) you can try out our single inflatable kayaks. We also have an inflatable stand up paddle board (ISUP) to paddle around camp and in some of the flatwater sections of the river. For Fly Fishing we bring one drift boat along to seek out those amazing fishing holes. We rotate into all boats and craft depending on one's desires and the guides approval. We also use a large baggage boat called a Sweep Boat that runs ahead of our group to start putting up camp for when we arrive.

River Requirements: Minimum age is 12 in June, and 6 in July to September.

Please note, all participants must be able to swim, be in good physical shape and be able to self rescue.

Hiking & Hot Springs

There is plenty of time and numerous opportunities to hike and visit hot springs during your trip. There are six hot springs to visit in the river corridor and we try to camp at or near at least one during our trip. Time and logistics permitting we hike to waterfalls, scenic grottos, Indian paintings and old miner's cabins in a given day. The Middle Fork Trail runs 80 miles along the Middle Fork, so there is always the option to hike along the river as well from any camp.

Fishing

We bring along a Mckenzie drift boat on most trips in July and August, and use a raft with fishing frame when the water get's too low for the drift boat sometime in August. The Middle Fork is a fisherman's paradise, a blue ribbon fishery and all fish are natives - Cutthroat Trout, Rainbows and Dolly Varden. Special fishing regulations protect the Middle Fork and help restore the fish population - (catch-and-release, no live bait, single barbless hooks.) The Middle Fork is the premier fishing experience. An Idaho State fishing license is required and may be purchased in Stanley, Idaho before the trip. Fishing is world class. The best fishing shop in Stanley is McCoy's (208-774-3377) and you can purchase licenses, fly's and all your fishing needs in one professional shop. Kids 14 and under can fish with no license.

Fishing Dates

For the September Fishing dates, all trips are designed for two fishermen/boat. We fish in oar boats have rotating seats and casting braces attached to the rafts for easier fishing. If we have an odd number of guests we will have one boat each day with 3 fishermen that need to rotate into the fishing seats.

Camping

This is one of the best parts of the trip, to be lulled to sleep by the sound of the river. We provide all camping gear for you, including sleeping bag, 2 pads, pillow, 4-man tent, rain gear tops and bottoms and all camp equipment. In the evening, we set up a camp and have chairs to relax in for meals. We bring along a wilderness porta-potty and place it in a private place with stunning views. We practice Leave No Trace camping ethics, so you are sure to learn a lot about this on the trip and be able to take some of these new skills home with you. The Middle Fork is a very pristine river and there is no bathing allowed in the river and must be done above the high water mark with biodegradable soap. We do bring along a couple of sun showers for you to use if you wish.

Food

We provide healthy and delicious meals, accompanied with lots of salads, fresh fruits and vegetables. We also use as much organic produce/products as is available in central Idaho. Our goal is to have you eat healthy meals so that you feel good and refreshed during the day with lots of energy for fun in this remote wilderness setting. If you would like a copy of our menu please call us. Vegetarian's welcome and meat eaters alike! There are also always snacks available during the day.

Eco Focus

We also recycle everything from the trips (glass, plastic, aluminum etc.), including food waste which is fed to pigs at a local farm and/or composted at the Stanley Community Garden. We also follow Leave No Trace Ethics for wilderness camping. Lastly, our guides teach you how to live off the grid for a week and do it with style and abundance!

Weather

Idaho weather can be variable and vigorous. So come prepared with **warm and cold weather** clothing. There is no such thing as bad weather if you bring the right clothing. Synthetics are best for layering and keeping you warm in all weather conditions. Weather during the daytime is 75-90F and evenings 40-60F, depending on the weather. All June and Sept trips are typically cooler at night and you must bring warm gloves, ski hat and long underwear tops and bottoms.
