

MIDDLE FORK OF THE SALMON RIVER- IDAHO

The Middle Fork of the Salmon River in Idaho is the premier wilderness rafting trip in the US. It flows 100 miles of Wild and Scenic free-flowing river through the largest roadless wilderness area in the US thru a canyon that is deeper than the Grand Canyon. It has natural hot springs throughout the canyon, blue ribbon trout fishing, and more than 400 rapids grade I-III (IV in June). The Middle Fork of the Salmon is an unspoiled, remote and pristine wilderness so you can be sure you will “get away from it all”. Simply put, it is the best river run in the West and perhaps the world.

AWARD-WINNING NATURE-BASED ADVENTURES SINCE 1980

Middle Fork River Expeditions has been in business for over 30 years and that is no accident. Trips on the Middle Fork of the Salmon River are a recipe for success. Always focused on our guests and their vacations, it is our genuine belief that river trips are extremely valuable life experiences in that they allow one to unplug from modern society and reconnect to oneself, family, friends through nature’s lens. With that as our foundation, we have committed ourselves over the years to providing the best trips available, always with an eye on improvement.

Our equipment is specially designed for wilderness whitewater rafting, and offers mild and wild boat choices (oar boats, paddle boats, inflatable kayaks and stand up paddling surf boards). We also bring along a fly fishing drift boat with large padded casting braces on most departures. Our river guides are seasoned professionals, licensed by the state of Idaho and First Aid and Swiftwater Rescue Certified. They are expert river runners, magnificent cooks, great storytellers, and knowledgeable, helpful outdoorsmen.

DAYS 1 ~ 3

We meet this morning at 8am and depart 1 ½ hours by bus to the river. Upon launching our rafts at Boundary Creek, 6000 feet above sea level, you'll enter an enchanted forest of fir and spruce that scents the high mountain air. Sparkling clear waters careen through boulder-choked rapids with names that guides speak with reverence such as Velvet Falls, Pistol Creek and Tappan Falls. Stops at mountain hot springs and pioneer homesteads provide the perfect balance to the on-river excitement. Evenings find us relaxing by the campfire, playing horseshoes and listening to the river and watching for shooting stars!

*please note - if water levels are low we may fly in 5 and 9 seater airplanes into a lower put-in point at Indian Creek airstrip, which is an amazing flight and great way to start your adventure. The flight is an additional \$130/person (we will take credit cards info at orientation if needed) and the lower put-in point makes it a 75 mile river trip. Guests always say the flight into the river is one of the highlights of the trip. It also allows more time for hiking and exploring the canyon.

DAYS 4 ~ 5

As we drop in elevation, the river widens and the spruce forest opens to vistas of pine-studded mountains and we enter Impassible Canyon, where no trails can be cut as the sheer walls go up over 6,000 feet. Between rapids, you'll drift quietly over deep pools of transparent water, home to native cutthroat and rainbow trout. Hikes underneath Waterfall Creek and up to Veil Falls are highlights for many of our guests.

DAY 6

The last day has some of the best and biggest rapids of the trip, which is a wonderful way to end a week in the largest wilderness area in the continental US. We drive back 4 hours by bus to Stanley, arriving between 4-6pm for the night before heading home in the morning. Tonight join an optional "farewell" dinner at the Sawtooth Hotel in Stanley which is on your own. Most guests stay this night in Stanley for the farewell dinner and it a great way to end the trip.

(farewell dinner and overnight in Stanley is not included)

WHAT TO EXPECT

Expert Leaders

Middle Fork River Expeditions attracts gifted guides for whom leading trips is their passion. Middle Fork River Expeditions guides positively elevate your experience by being educators, companions, and the best of friends. Most MFRE guides have 10 or more years experience as guides, all are First Aid and Swift-water Rescue Certified, and are licensed by the Idaho Outfitters and Guides Licensing Board.

Rapids

Middle Fork rapids are rated 1 to 4 on a scale of 1 to 6. You'll run these rapids with the aid of experienced, professional, licensed guides. In our state-of-the-art whitewater rafts, you'll run Velvet Falls, Pistol Creek, Haystack, Redside and Rubber rapids. River Requirements: Minimum age is 12 in June, and 6 in July to September. Please note, all participants must be able to swim, be in good physical shape and be able to self rescue.

River Craft Options

MFRE prides itself in offering more river craft than any other company on the Middle Fork. Most guests ride in our oar powered self-bailing rafts. For the more adventurous we run a paddle boat, no experience required as your boatman steers at the stern while you and your newfound friends paddle. And when water levels permit (usually in July and August only) you can try out our single inflatable kayaks. We also have an inflatable stand up paddle board to play around camp in the eddies and in some of the flatwater sections of the river. For fly fishing we bring one drift boat along to seek out those amazing fishing holes. We rotate into all boats and craft depending on one's desires and the guides approval. We also use a large baggage boat called a Sweep Boat (her name is Fiona and has run the Middle Fork since 1953, the oldest on the river) that runs ahead of our group to put up camp for when we arrive.

Hiking & Hot Springs

There is plenty of time and numerous opportunities to hike and visit hot springs during your trip. There are six hot springs to visit in the river corridor and we try to camp at or near at least one during our trip. Time and logistics permitting we hike to waterfalls, scenic grottos, Indian paintings and old miner's cabins in a given day. The Middle Fork Trail runs 80 miles along the Middle Fork, so there is always the option to hike or run along the trail from most camp sites.

Fishing

The Middle Fork is a premier fishing experience for advanced or novice anglers. We bring along a Mckenzie drift boat on most trips July thru Sept. The Middle Fork is a fisherman's paradise, a blue ribbon fishery and all fish are natives - Cutthroat Trout, Rainbows and Dolly Varden. Special fishing regulations protect the Middle Fork and help restore the fish population - (catch-and-release, no live bait, single barbless hooks.) An Idaho State fishing license is required and may be purchased in Stanley, Idaho before the trip at the Mountain Village Mercantile. The best fishing shop in Stanley is McCoy's (208-774-3377) and you can purchase licenses, fly's and all your fishing needs in one professional shop. Kids 14 and under can fish with no license. MFRE provides 2 fly rods and flies for those who would like to learn the art of fly fishing.

Fishing Dates

For the September Fishing dates, all trips are designed for two fishermen/boat (maximum group size is 12). We use 2 drift boats (Hog Island) with large padded casting braces, and 4 oar boats with stern mounted swivel seats for easy casting. All fishing dates can also be made into 6 or 7 day trips. Please call for details.

Camping

This is one of the best parts of the trip, to be lulled to sleep by the sound of the river. We provide all camping gear for you, including sleeping bag, 2 pads, pillow, 4-man tent, rain gear tops and bottoms and all camp equipment. In the evening, we set up a camp and have chairs to relax in for meals. We bring along a wilderness porta-potty and place it in a private place with stunning views. We practice Leave No Trace camping ethics, so you are sure to learn a lot about this on the trip and be able to take some of these new skills home with you. The Middle Fork is a very pristine river and there is no bathing allowed in the river and must be done above the high water mark with biodegradable soap. We do bring along a couple of sun showers for you to use if you wish.

Food

We provide healthy and delicious meals, accompanied with lots of salads, fresh fruits and vegetables. We also use as much organic produce/products as is available in central Idaho. Our goal is to have you eat healthy meals so that you feel good and refreshed during the day with lots of energy for fun in this remote wilderness setting. If you would like a copy of our menu please visit our home page on our website for our menu. Vegetarian's welcome and meat eaters alike. There are also always snacks available during the day.

Drinks

We offer drinking water at all times as each raft has a water cooler. We also provide soda (Coke, Diet Coke, Izzie and San Pelligrino), as well as lemonade and Gatorade. We also provide some wine in the evenings. We do not provide beer and you are free to bring some, just make sure it is in cans only. For those who want than a couple of glasses of wine at night, you can bring more wine if you wish and glass is ok. Hard liquor can be brought in glass as well.

Idaho weather can be variable and vigorous. So come prepared with **warm and cold weather** clothing. There is no such thing as bad weather if you bring the right clothing. Synthetics are best for layering and

keeping you warm in all weather conditions. Weather during the daytime is 70-90F and evenings 40-60F, depending on the weather. All June and Sept trips are typically cooler at night and we recommend you bring gloves, ski hat and long underwear tops and bottoms.
